Well Made and Makes Well

Hood's Sarsaparilla is prepared by experienced pharmacists of today, who have brought to the production of this great medicine the best results of medical research. Hood's Sarsaparilla is a modern medicine, containing just those vegetable ingredients which were seemingly intended by Nature herself for the alleviation of human ills. It purifies and enriches the blood, tones the stomach and digestive organs and creates an appetite; it absolutely cures all scrofula eruptions, boils, pimples, sores, salt rheum, and every form of skin disease; cures liver complaint, kidney troubles, strengthens and builds up the nervous system. It entirely overcomes that tired feeling, giving strength and energy in place of weakness and languor. It wards off malaria, typhoid fever, and by purifying the blood it keeps the whole system healthy.

Hood's Sarsaparilla

Is the best—in fact the One True Blood Purifier. Sold by all druggists. \$1; six for \$5.

Hood's Pills cure all Liver ills and Sick Headache. 25c.

Noeau to Sail for Lahaina and Honoap this Afternoon—Mokoli Returns Again to Molokai—Day's Shipping Notes.

There are now twenty foreign sailing vessels in port.

The Noeau, sailing this afternoon, will take in Hilo.

The Noeau sails for Lahaina and Hamakua this afternoon.

The Diamond Head is taking on ballast preparatory to departure.

The Henry Villard is again at the Pacific Mail wharf discharging her coal.

The Mokoli came in from Molokai yesterday afternoon and will sail again today. She brought a small cargo of taro.

The schooner Waialua came in from Kauai ports this morning and will sail again for Hanaui tomorrow afternoon at 2 o'clock.

The James Makee did get away for Kapaa after all yesterday. It was first decided to let her remain until today but this was changed later.

The John D. Spreckels is taking on her last sugar at the Oceanic wharf today. She will sail for San Francisco sometime tomorrow.

The Andrew Welch and Mauna Ala were up and loading in San Francisco when the Coptic sailed. The Irngard was to have sailed for this port on the 9th inst.

The Kauai will sail for Lahaina and Honoap at 3 p. m. today. She will take a cargo of lumber to the former place and bring back sugar from Honoap.

The Oceanic wharf has been simply lined with natives from early morning who find great sport in fishing for the aalala that have poured into the harbor during the last two days.

The W. G. Hall arrived in port at about 12 noon today. Sugar left at Panalua 2736 bags; purser Taft reports as follows: Sugar left at Honoap, 3176 bags. Fair weather until last two days when it blew strong N. E. trades. Very rough crossing the channel. There was no rain. Sugar at H. S. Co, 7500 bags. Could not get P. S. M. No rain since Noeau left and pretty rough. There are about 2500 bags at Lahaina.

Leon, (bark), bound from New castle for Honolulu with coal, put into Whangaroo, near Auckland, on May 25th, leaky, says the Australasian Shipping News of May 28th. In a later issue the paper says: An examination shows that the vessel is in a very bad state, and is making 12 inches of water per hour. It is expected she will be condemned. During the recent storm in the Tasma Sea, she sprang a leak, and the donkey engine was barely able to keep the water under.

IMPORTS.

From Maui and Hawaii ports, per stmr W. G. Hall, July 15—6056 bags sugar, 26 hd cattle, 4 bds hides, 13 hogs, 2 mules and 8 bags coffee.

MATTER OF JURISDICTION

General Hartwell on the Territorial Judicial System.

Hawaii May Be Made Part of California Judicial District—The Law Upon Territorial Courts.

In an interview this morning with a BULLETIN representative General Alfred S. Hartwell, the well known attorney, in speaking of the establishment and jurisdiction of the United States Court here, said:

"I anticipate that the territorial judicial system will not only continue under the terms of the annexation resolution until Congress shall enact territorial laws, but that it will practically be adopted in the Congressional Act for the government of the Territory of Hawaii.

"In all cases which under the United States Constitution come within the exclusive jurisdiction of United States courts it will be necessary that Hawaii by act of Congress be made a district of the United States, and have a U. S. District Judge appointed by the President residing here, or else that Hawaii be made a portion of the District of California. In view of the great inconvenience of this latter course, I think the former is the course which Congress is most likely to pursue.

"The cases which require a U. S. Court are enumerated in Sec. 2 of Art. 3 of the U. S. Constitution which is as follows:

"Section 2. The judicial power shall extend to all cases, in Law and Equity, arising under this Constitution, the Laws of the United States, and Treaties made, or which shall be made, under their authority; to all cases affecting Ambassadors, other public Ministers and Consuls; to all cases of admiralty and maritime jurisdiction; to Controversies to which the United States shall be a party; to Controversies between two or more States; between a State and Citizens of another State; between Citizens of different States; between Citizens of the same State claiming lands under grants of different States, and between a State and the Citizens thereof, and foreign states, citizens or subjects."

"The power of Congress to legislate in regard to Hawaii is set forth in Section 3 of Article 4 of the United States Constitution, which reads as follows:

"Section 3. New States may be admitted by the Congress into this Union; but no new State shall be formed or erected within the jurisdiction of any other State; nor any State be formed by the junction of two or more States, or parts of States, without the consent of the Legislatures of the States concerned as well as of the Congress.

"The Congress shall have power to dispose of and make all needful Rules and Regulations respecting the Territory or other Property belonging to the United States."

BOARD OF HEALTH.

Hears Lots of Reports and Receives a Protest on Contracts.

The regular monthly meeting of the Board of Health was held yesterday, those present being President W. O. Smith, Agent Reynolds, Dr. Emerson, Dr. Day, Dr. Wood, George W. Smith and D. L. Keliipio.

The regular routine business was done. Reports from the different government physicians and the hospital at Hilo and the Maternity Home were read. Protests from H. Hackfeld & Co. on the manner of awarding contracts for furnishing flour and soap were received but not acted upon. On second bid the above mentioned firm was awarded the contract for flour and bacon, their bids being the lowest on the brands of goods desired by the Board.

Reports from the health agents at Yokohama and Hongkong showed the health of the two cities to be greatly improved. The plague in the latter place is rapidly disappearing.

The W. G. Hall will sail again on the Mauna Loa's route Tuesday.

BOY LOST AT PAHALA

Four Year Old Child of Superintendent Eckardt Disappears.

Goes Out to Play in the Afternoon and Does Not Return—Various Theories as to the Occurrence.

By the W. G. Hall today Superintendent Eckardt of the Queen's hospital received the most appalling news of the loss on last Monday of his four year old boy who was spending his summer vacation at Pahala in company with his mother.

The little fellow went out to play at about 1 o'clock in the afternoon, just after he had finished his luncheon. Nothing was thought about his absence until in the afternoon. The alarm was soon spread, for the boy could be found nowhere. Night came on and still no child.

Manager Walton of the Pahala plantation immediately sent out a gang of 150 men who went through the cane fields row by row. Every ditch and gulch about the place was searched with the greatest of care without result.

The theory was advanced that the poor little fellow might have gone to the sea and been lost there, but this theory is impossible as it is at least ten miles to the nearest point where the waters wash the shore.

There seems to be some color to the theory that the child has been kidnapped, for the thorough search made by the plantation men would certainly have discovered the child.

When the Hall left Kau on Wednesday the men were still searching for the child. At a port along the Hawaii coast Thursday afternoon the same story was received over the telephone.

Mr. Eckardt is naturally very much broken up over the affair.

Police Court Notes.

In the Police Court yesterday, S. L. Stanton was fined \$2 and costs for assault and battery on Ah Hoon.

Ah Yick was fined \$5 and costs for leaving his horse untied in the street.

Hong E's case for assault and battery on Ah Yick was nolle pros'd.

Lelia Hauia, charged with disobedience to parents, was ordered to return to parents.

Kakana was fined \$15 and costs for maintaining a gambling game.

Eighteen Hawaiians were fined \$1 and costs for gambling.

A pair were each sentenced to six months at hard labor for a social offense.

A Late Arrival.

F. C. Schernstein, late of Sherman, Clay & Co., music dealers of San Francisco, was among the arrivals from San Francisco in the Coptic Wednesday. He came down to take charge of the music department of the Wall, Nichols Co.

Company D High Jinks.

The members of Co. D have decided to have another "High Jinks" this evening after the regular meeting in the company rooms. There will be music, both vocal and instrumental, speech making and a general allround good time.

"Our" Trade With Japan.

The growth of the trade of the United States with Japan has been so rapid, and has reached such proportions, as to attract serious attention in England, our exports and imports increasing 55 and 57 percent. The increase of trade between these countries the past year has been over five millions of dollars, while English trade with Japan increased to the extent of a million and a half dollars, and with France there is a like decrease. This is a notable showing when it is taken into consideration that our trade with Japan has barely commenced, and there is no reason why this country should not be the largest trader with the business-like islanders in the near future. We have advantages in that direction which no other nation enjoys.—Tacoma Ledger.
